

CLIMAX SPRINGS PRE-SCHOOL AND KINDERGARTEN CONSENT TO SCREEN

SCREENING WILL...

- * Look at your child's development and let you know if your child may need help in some areas. You know your child best, so we are asking you to answer these questions. They will give you an idea of what of what most children can do by the time they start school. BUT.... each child is different, so your child may not meet each goal and that will still be OK.

SCREENING WILL NOT...

- * Label your child or provide an in-depth assessment of your child's abilities in any area.

WHY SCREEN?

- * Your child can be helped earlier.
- * We know that 15-20% of all children have some type of problem that may affect school performance. Examples are mild hearing loss, speech difficulties or fine motor concerns. These can all be treated quite effectively...the earlier the better.
- * Teachers will be able to respond to the unique needs of each individual student.

WHAT HAPPENS IF THIS SCREENING SHOWS THAT MY CHILD MIGHT NEED MORE HELP?

- * The school will tell you what type of follow up is recommended.
- * If your child needs help with speech, movement, or social development, a consultation or a complete assessment can be provided by the specialist in the area. *
- * All Services are Free.

WHAT HAPPENS IF THE SCREENING SAYS MY CHILD IS OKAY, BUT I STILL HAVE CONCERNS?

- * You know your child best. Climax Springs Schools will respond to any concerns you have about your child.
